Huesca (Spain) is holding its festival of Saint Lawrence from 9th to 15th August. This is a week when our town is completely transformed. The people of Huesca wear white and green, symbolising the basil plant in flower, and take to the streets to enjoy the festival to the full.

The rocket launched from the Town Hall at 12 o'clock on the 9th August signals the start of the festival. Thousands of young people crowding into the Cathedral Square are anxiously awaiting to hear this rocket explode. Afterwards, the six Peñas Recreativas go around the town in a festive procession with the mairalesas, women and girls representing districts and peñas.

The 10th August is the great day when the Danzantes dance their graceful, ancient dances with swords, sticks and ribbons, first in front of the basilica of Saint Lawrence and then in a procession around the streets of the town to accompany the float of the saint, whose bust-reliquiary dates from the end of the 16th century.

On the 15th August, the last day of the festival, flowers and fruit are offered to the saint in a stunning display of the folklore and traditional costumes of Alto Aragón. At night, the Peñas bid their patron saint farewell at the doors of the basilica.

During the festival, there are the Saint Lawrence Bullfights. Every afternoon of a bullfight, the seats in the sun present a noisy spectacle as the Peñas and their music bands gather there.

Day and night the streets become a meeting place for the townsfolk and visitors to the festival. Concerts, open-air dances, street performances, children's shows, fairs, folk music and dance... brighten various settings, and later on, the bars and the precinct for the Peñas continue the festival until the sun rises.

In 2005, the Saint Lawrence festival was declared of National Interest to Tourism, because of its cultural value and the traditions it retains.
